

art of storytelling journal pdf

Storytelling describes the social and cultural activity of sharing stories, sometimes with improvisation, theatrics, or embellishment. Every culture has its own stories or narratives, which are shared as a means of entertainment, education, cultural preservation or instilling moral values. Crucial elements of stories and storytelling include plot, characters and narrative point of view.

The World of Digital Storytelling - jason ohler

Organizational storytelling is a concept in management and organization studies. It recognises the special place of narration in human communication, making narration "the foundation of discursive thought and the possibility of acting in common." This follows the narrative paradigm, a view of human communication based on the conception of persons as homo narrans.

Narrative as a Teaching Strategy

We have been thrilled with the response to the Limestone Coast International Video Art Festival which has been boosted by a large international conference in the complex this week, as well as a review published in Artlink magazine. As such we've decided to extend the exhibition by one week. If you haven't taken the time to peruse the video art content by artists from around the world ...
