A bank is a financial institution that accepts deposits from the public and creates credit. Lending activities can be performed either directly or indirectly through capital markets. Due to their importance in the financial stability of a country, banks are highly regulated in most countries. Most nations have institutionalized a system known as fractional reserve banking under which banks hold ...

Mortgage bank is a bank that specializes in originating and/or servicing mortgage loans. In the US a mortgage bank is a state-licensed banking entity that makes mortgage loans directly to consumers. The difference between a mortgage banker and a mortgage broker is that the mortgage banker funds loans with its own capital.. Generally, a mortgage bank originates a loan and places it on a pre ...

Two office chairs in the design of information related to business. Assuming you've seen Wall Street (the awesome, original one, not the watered-down sequel) " it is a requirement to work in finance, after all " you know something about traders vs. brokers. The traders are like lone wolves who go in and make tons of money by making quick decisions!

I think being a loan officer, or in my case a mortgage broker is the best job anywhere. I set my own hours I am my own boss I decide who I want to work with (meaning I don't work with annoying clients) I can work anywhere in the country and not worry about not finding a job I can make as much money as I want I get to work with intelligent, honest people.
