During World War II, armed aircraft became more deadly and sophisticated as the Allied and Axis powers

struggled for supremacy. Fighters, bombers, reconnaissance planes, and transports were rapidly developed by both sides and sent into the conflict. The technology changed so quickly that some highly ...

### **Airplanes of the Second World War Coloring Book**

A controller will work an aircraft until it reaches the end of his defined airspace - and then will hand it off to the next controller - similar to a runner handing the baton off after running his leg of the race. Can you follow the plane's journey as the air traffic controllers work together to move the aircraft from
