

### **how to use your pdf**

PDF stands for portable document format. It is a format used to present documents in a way that is independent of application software, hardware, or operating systems. This means that it is a format that can be used in any operating system. Luckily, the way you use a PDF is very similar throughout the popular operating systems like Mac and Windows. To learn how to use a PDF file, read it or print, see step 1.
