Nationalism in a wider sense is any complex of attitudes, claims and directives for action ascribing a fundamental political, moral and cultural value to nation and nationality and deriving obligations (for individual members of the nation, and for any involved third parties, individual or collective) from this ascribed value.

Nationalism (Stanford Encyclopedia of Philosophy)

and nationalism.¹⁰ While the various definitions of nation differ in many ways, arguably the most significant division among nationalism scholars is between "subjective" and "objective" ideas of national identity.

I. Introduction - University of Michigan Press

During the French revolution a national identity was crafted, identifying the common people with the Gauls. In Germany historians and humanists, such as Johann Gottfried Herder and Johann Gottlieb Fichte, identified a linguistic and cultural identity of the German nation, which became the basis of a political movement to unite the fragmented states of this German nation.
